## مهاجر

۲۰۱۱/۹/۳۰

مهاجر ته سپک کتل بیوقوفی ده په ظاهره ښکاري خوار مګر هستی ده

مهاجر وه آوالعزمه أنبياء سيسس محمد وو، كه يوسف وو، كه موسى

مهاجر وه ډير مشهور فيلسوفان مولوی، که اينشتاين وو، که افغان

دا منمه، چي دروړي نه دي دوی شنه باغونه، بنګلی، ډيري روپي

خو، دروړي يې بيشکه خزانې د خپل مغنز، استعداد او ارادي

## **A REFUGEE**

Poem written in Pashto by <u>Dr. Farouq Azam</u>

Translated in to English by Safdar Ali Toru

Merely fools would contempt migrants seeking refuge from misery

They may stand among elite despite how they look feeble and weary

Mohammad, Joseph and Moses, all were forced to migrate

In spreading the word of truth, how they suffered and agitate

Rumi\*, Einstein\* and Afghani\*, renowned for their rationale and humane

Were to be amongst the refugees at the peak of their fame

True, they came with no wealth, cultivated gardens or palaces

Nevertheless, they brought fertile minds and intellects determined for solaces
